“ Joel I am terribly sorry for your loss and the grief that has not hit you yet but when you get a chance look up to the sky and you will be able to see Elizabeth looking down and surrounding you with her love to tell you that you have two children and six grand children that demand your time and attention and will someday fill the hole that is in your heart, but as you look at your children and grand children one day will realize that Elizabeth is gone in the presence but her spirit lives on in your wonderful loving family. You have always been a very devoted family man and put God in front, you will be okay my brother.
